Newsletter April 2010

Chill Factor^e

The newest shop goes from strength to strength in the amazing indoor ski resort. The unusual building just off the M60 opposite the Trafford Centre not only provides Europe's largest indoor real snow ski slope but has a fantastic and diverse Alpine Village. 54 varieties of our delicious ice creams in an ultra modern setting are available along with our usual range of fairtrade coffee's, snacks and ice cream sundaes all to eat in or takeaway. The parlour is open 10am-10pm 7 days. The Village is **FREE** to enter and offers shopping, socialising and snow play in a truly original setting!
Check out their site too @ www.chillfactore.co.uk

Mesnes Park Cafe

Our café in the Pavilion, Mesnes Park, Wigan is due to close for refurbishment in July. The Pavilion is set for a transformation thanks to a successful lottery appeal. The exterior will be returned to its former original glory with the interior getting a modern facelift-more in keeping with our other parlours. We will still offer ice cream, coffee's and snacks in the park within the new playshack beside the amazing new playarea that is under construction now!

Bolton Rd Parlour

We have recently improved our food offer and a new menu is due very soon. Along with Pizzas we will have Soup of the Day, Toasties and Paninis available throughout the day along with a great selection of sweets and cakes. Let me know what you think?

Look out for some **new flavours** for 2010:

World Cup will be a big focus this summer with the usual country team flavours; England- Strawberry Ripple, Brazil-Banana with Lime Sauce, France-Vanilla with Raspberry and Bubblegum Sauce and more.

If you have any other suggestions email them to me at

info@fredericksicecream.fsnet.co.uk any that are produced will definitely have a free sample for you!!

Regards, Donna Townson
