## Chorley since 1896

In 1890, Matteo Federici left his homeland of Italy with dreams of a new life in England. He left with nothing but the clothes on his back but brought with him his unique luxury ice cream making methods and in 1896 established Frederick's Ice Cream.

Today, multi-award winning Frederick's continues to build on its signature taste and the family's ice cream making skills as the North West's favourite ice cream company. From the careful selection of the highest quality ingredients through to the best customer service in our ice cream parlours, Frederick's proudly ensures the ultimate ice cream experience.

Proudly manufactured in Lancashire for over 100 years.
